## MYSTERIOUS ATTACK ON GARRARD MAN

STORE-KEEPER KNOCKED IN  
HEAD AND HIS PLACE IS  
BLOWN UP.

A mysterious attack was made on Carl Sanders, a storekeeper, of Stone, Garrard county at an early hour Friday morning. He was called from his residence, near the store by a man at two o'clock, who said he wanted to get some goods from the store. As Mr. Sanders entered the store he was hit on the head with a sandbag and knocked unconscious. The store was then blown up. It is believed with dysentery. It caught fire, and the neighbors found Mr. Sanders lying unconscious across the threshold. He was badly burned, and as they caught his hands to pull him away, the blistered flesh came away.

An examination showed that the store had been tampered with.

Mr. Sanders was so seriously injured, it was thought he was dead at first, but he has recovered sufficiently to tell what he knows of the affair. No clue can be found to the perpetrators of the dastardly deed.

## LOCAL BOARD OF HEALTH

HOLDS MEETING AT JOSHEN UN-  
DER AUSPICES OF LINCOLN  
MEDICAL SOCIETY.

Under the auspices of the Lincoln County Medical Society, the local board of health at the invitation of Rev. J. G. Livingston held an open session at the Goshen church Sunday at 2 P. M.

There is being waged a warfare on all preventable diseases throughout the civilized world.

That much may be done and is being done along these lines is conceded both by the physician and the laity.

The medical profession is the only profession for business that drives custom away from itself by telling clientele how to stay well.

It is an unequal fight however as sooner or later both the doctor and the patient must answer to the death summons at whose bar there is no appeal of writ of error or habeas corpus or new trial.

It is a final decision which we must meet and all must meet, therefore we as doctors and as patriotic citizens are perfectly willing to tell all that is known of how to get well and how to stay well.

There are many things which the general public should know that would be of inestimable value to both the patient and the doctor, as for example the destruction of all excretions from all patients and especially from those who have the most infectious diseases such as tuberculosis, typhoid fever, pneumonia, diphtheria, measles and scarlet fever.

It does not require argument in this enlightened age to prove that most diseases are infectious of contagious or both.

It is desirous at the hand of both the patient and the doctor, that many cases of accidental poisoning or other ailments that the laity know and use the antidotes before the doctor arrives because in too many cases it is verily too late when the doctor arrives.

One of the most common poisons is carbolic acid and the antidote is in the camphor bottle and as the tickle of whiskey which it contains.

The antidote for arsenic is iron rust from any source but an old rusty iron pipe is to be born in mind.

The antidote for common lye is vinegar to be followed by an emetic, turpentine used in wounds is time we might continue this indefinitely but fear of encroaching on too much valuable space, I will not be too elaborate.

At this Sunday afternoon service where Bro. Livingston presided and where the Gospel of good health was preached, Dr. M. M. Phillips, president of the Lincoln Medical Society read a highly entertaining paper on tuberculosis its early recognition and prevention.

He pointed out the sanitary laws of health and hygiene. He told how to get well in the early stages and to stay well. How the patient in the open air and to eat the most nutritious diet and to destroy all the excreta to prevent the spread of infection. In fact there were too many good things said in this paper to be condensed in an article like this.

Dr. W. B. O'Bannon then gave a lecture on tuberculosis in all the different tissues of the body.

He said all cases of white swelling were nothing more or less than tuberculosis of the part affected usually of the hip joint. He said the public is aware that most of these cases were cured and used a crutch or a cork sole the remainder of life. He further contends that scrofula is tuberculosis of the glands of the neck. He vents out many cases where people had been cured without having been aware that they had tuberculosis. Dr. O'Bannon talked for over half an hour and therefore I cannot reproduce all of his speech.

Dr. W. F. Hickie held the floor until he almost had to be flagged down to get him to quit. His subject was:

"General Infection." Germs are everywhere at present and this is why doctors are so careful about sterilizing hands, towels and instruments to prevent infection for we consider ourselves most fortunate to heal wounds without pus. Germs cannot withstand air and sunlight.

Boiling water where feasible is the best disinfectant.

He looks upon dusty carpets and soiled walls with a good deal of suspicion.

## PREACHERS FIGHT TO DEATH

BLOODY DUEL WITH KNIVES IN  
WHITLEY COUNTY.

A dispatch from William Sharp, Whitley county says: that the Rev. Robert Vanover, and the Rev. Isaac Perry, well-known mountain preachers, who had been holding revival meetings, fought a duel with knives in the Rock creek Baptist Church in Whitley county and Vanover's throat being cut from ear to ear. He died in a short time.

The trouble grew out of charges against Vanover, which were being tried in the church when the fight occurred. Minister Perry and his cousin, Blaine Perry, are in jail at Williamsburg.

It is said that the Rev. Isaac Perry ran at the Rev. Vanover while he was in the pulpit. The two men clinched, and while struggling in each other's arms the Rev. Perry drew a knife. At this juncture Blaine Perry seized the Rev. Vanover, it is said, and held him, while the other pulled his knife across the Rev. Vanover's throat, inflicting a wound to which he succumbed in a short while.

Dr. J. G. Carpenter had a most exhaustive paper on sanitation, sepsis, the laws of health and hygiene.

Dr. Carpenter is long winded and enigmatical, therefore I could not reproduce all of his paper as it would fill this issue of the Interior Journal.

Among some of the good things I must mention is his able exegesis on the ever present house fly.

He attributes many diseases to this pest. Could you have heard him would shudder to see the fly light upon the butter, pastries and fruits. He pointed out that the fly is not particular about the company it keeps and the kind of material through which it wades. The fly frequents these places and comes and walks at liberty over our edibles and finally takes a bath in the cream pitcher or tumbler of milk. You may imagine some more things about the fly which Dr. Carpenter said in an extended article like this. Therefore he says screen against the flies and annihilate them in ever conceivable way and save many lives and doctor's bills. It would be necessary to hear this lecture to fully appreciate it. Therefore hear it at your first opportunity.

Dr. G. G. Perry was called upon to address the audience but he preferred to listen and to say Amen to all that was said by the other professional brethren. Bro. Livingston thanked the doctors in behalf of the audience and told of his close association with the profession in the alex room. Bro. Livingston is known far and wide for his gospel knowledge his mental strength. He has been in his master's service long but is not weary.

When superannuation of the infirm comes, may he, like Enoch, be transported to the everlasting day of glory to be met by a bevy of angels and the martyred saints.

Tomorrow closes the spectacular campaign for the democratic nomination for Congress in Ashland district. The race between Cantrill and Thomas has been fraught with many sensational developments, the latest of which is an intimation from one of the candidates that the other was induced under questionable methods to change his views on a matter of considerable importance to the State. Mr. Thomas charges that Congressman Cantrill was instrumental in the defeat of Gov. Beckham after he was the democratic nominee for United States Senator and Cantrill comes back at Thomas with the counter charge that President Lebus, of the Barley Tobacco Society, who is a republican, is supporting Thomas for a Democratic office. This is the only thing that he has been able to urge against the Cantrill candidate, and as Lebus and the Barley Tobacco Society put Cantrill over the pole two years ago it would hold good as an argument now. Practically every newspaper in the district is against Cantrill on the ground of both political and civic decency, but he has the money of the Tobacco trust and the all powerful liquor interests behind him and few see how they can be prevailed against.

Middlesboro, the "Queen City of the Mountains," opened the eyes of the 200 and more newspaper men and women who were there this week attending the summer session of the Kentucky Press Association. No more beautiful or wholesome hospitality could possibly be imagined. The citizens not only contributed their money towards the entertainment of the editors, but business men went up shop to help make the visitors enjoy themselves. The "Middlesboro Spirit" of energy and progressiveness was in evidence on every hand. Middlesboro is easily the metropolis of eastern Kentucky and with the vast mineral wealth right at her doors, and the spirit of push which prevails in her, will be surprised to see her a city of 25,000 in a very few years. It was 2500 to have been there.

Interest just at present is centered on opposite points of the compass. The one in the East is the marriage of Teddy, Jr., and Miss Alexander. The other is in the far West—the Jeffers-Johnson fight. The first named great event has just happened. Now the all be quiet (until about this time next year when we will likely sit up and take notice again) and watch Tex Richard's gladiators fight it out under the blistering rays of the July sun.

How to Cure Eczema, Pimples And Dandruff.

We desire to say that when we took the agency for Zemo, we were convinced that it was a valuable remedy for eczema, pimples and dandruff. Yet we must frankly admit that Zemo has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency, as Zemo has given splendid results wherever recommended. Our customers like Zemo, too, because it is a clean, vegetable liquid for external use. Zemo effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clear and healthy. It does not soil the clothing or linen and can be used freely on infants.

With every purchase we give a booklet on skin diseases explaining in simple words how any person can be cured at home of any form of skin or scalp diseases by this clean, scientific remedy. G. L. Perny, Druggist.

## BIG RALLY OF SUNDAY SCHOOLS

BAPTIST METHODIST AND CHRISTIAN SCHOOLS UNITE—OTHER NEWS.

Middleburg June 23rd 1910  
There is a new baby at Jack Weils' and Jack is as proud of it as a little boy is of his first pants.

In the call for a primary to nominate a republican candidate for congress is plainly stated that republicans only will be allowed to participate in said primary. This seems to have been a waste of space, for surely no democrat that is fit to be barked at by the dogs would want to participate in a primary in which Caleb Powers was a contending party.

Mrs. Clay West died at Burnside last week and was brought here and buried at Green River church yesterday. She was a daughter of J. E. Carter who used to live at Yosemite but moved to Burnside some ten years ago. Mrs. West was 35 years of age and the mother of four children.

There will be a big Sunday school picnic held at L. R. Jones' famous picnic grounds on Saturday July 2nd. The officers and teachers of the Baptist, Methodist and Christian Sunday schools have united to make that a day of great joy to the children of the three schools, everybody will be invited to come and bring well filled baskets, and assist in making it a day full of joy.

Mrs. John W. Black who has been quite conspicuous in the magistrature here of late, raised 'cain' on Calvary ridge again one day last week, and is again under arrest. Mrs. Black seems to have been on the war path for some months and doesn't seem to mind fighting in the courts. She has just lately spent a few days with stock Richards at Liberty rather than pay a fine assessed against her at Yosemite some months since.

A. C. Sine was here most of last week working in the interest of the Shagabees. W. T. Conner and daughter Miss Nannie took in the Sunday school convention at Dunmore Saturday and Sunday. Miss Mary Bryant has returned from Sherman, Texas, where she has been visiting her sister, Misses Ruby Lee Fogle, Annie Sharp and Wandle Hatter have returned from school at Bowling Green, Wallace Steel, of Big South, spent Sunday with A. E. West.

## Prof. G. B. Everett

WILL HEAD CRAB ORCHARD SCHOOLS NEXT TERM.

Crab Orchard, June 23  
The teachers for the Graded School have been engaged for the next school term. Prof. G. B. Everett of Bowling Green, will be principal. He comes highly recommended and with an experience of eight years. He will have as his assistants Miss Lena Taylor, of Somerset, who has just received a State certificate from the Normal school at Richmond. This of itself is a guarantee of efficiency. Miss M. Pettus, of Preachersville, is highly recommended as being eminently qualified to perform the duties of her chosen profession. Miss Margaret Clifton, of Crab Orchard, who held a position in the school last year so acceptably it was deemed best by the school council to re-engage her for the next term.

The I. C. O. F. have commenced the property they have occupied so long for a lodge from Mr. Curtis Gover. They are having a metal roof put on and otherwise repairing and remodeling. While the spirit of improvement is taking us and the weather is fine, it would be nice to have the sidewalks made reaching from the central of town to the sulphur well in the station. This has been promised by our city fathers and we suggest that they get busy and "make hay while the sun shines."

Leon Sunday June 19th to Mr. and Mrs. Buster Fife a twelve pound baby girl.

Mr. G. W. Spangler sold to Thomas Robinson, of Lexington, a young mare well trained for concert purposes for one hundred and fifty five dollars.

For Rent.—One furnished upper room, a good size stable and double barn cribs. Apply to Mrs. Hannah L. Stager, Crab Orchard.

Mr. and Mrs. W. P. Walker, Mr. and Mrs. Ivon Fish, Messrs. Harry and Bud, Dr. Bragg, Thompson, George Holmes, Jr., and Elmore Thompson, formed a party to Louisville to witness the aeroplane flight.

Miss Annie Bronaugh left Monday for Prestonsburg to make a protracted visit to Mrs. F. Smith.

## Free Liver Remedy

It is well to stop a physical ailment at the first signs of its approach, and that is especially true of liver trouble, which can eventually give rise to so many serious complications. Many have liver trouble and imagine it is indigestion, and hence take the wrong remedy.

When the liver does not store up sufficient gastric juices it becomes sluggish, and in this way disturbs the stomach and bowels, with which it is supposed to work in harmony. Then comes the sallow complexion, the pimply face, the dull pain in the forehead, the thinning of the blood, etc. A very quick and sensible way to stop the trouble as well as to cure it is by the use of Dr. Caldwell's Syrup Pepsin, which contains ingredients especially intended to promote the activity of the liver.

Among the many thousands who have written the doctor about the results achieved with his remedy, and who are glad to make the facts public so that others can help themselves, are Mr. Jas. Kennedy, St. Louis, Mo.; Mrs. S. A. La Rue of Smith's Grove, Ky., and many others.

These, like thousands of others, started the use of Syrup Pepsin with a sample. If you will send your name and address you can also obtain a free trial bottle. This will prove to you that liver trouble is promptly cured with this remedy or money will be refunded. Having tried it you can then buy it in the regular way of your druggist at fifty cents and one dollar a bottle, and the latter is sufficient for an entire family.

This remedy is a vast improvement over cathartic tablets and salts, which only do good for the time being. Syrup Pepsin is permanent in its results, is pleasant to take and does not gripe. It is especially good for all those who cannot stand a violent purgative.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

## Peruna Secrets You Should Know

Golden Seal, the root of the above plant, is a very useful medicine. Many people gather it in our rich woodlands during the summer. Few people know how valuable it is in dyspepsia, catarrh, and as a general tonic. Many thousand pounds of this root are used each year in the famous catarrh remedy, Peruna. This fact explains why everybody uses Peruna for catarrh.

Mrs. Jael Redd Coops and son, Arcade of Louisville, are visiting the family of Mr. Charles Redd.

Mrs. G. W. Spangler and Miss R. visited Mr. and Mrs. F. A. Ross, of Lexington.

Mrs. M. G. Cummins, of Preachersville, and Mrs. James L. Kingston and company, of the county, were visitors of Mrs. Flen Cummins this week.

Now Ronnie Burk, of Lexington, and L. L. Little Ballou, of Stanford, are visitors of Mrs. Martha Fish.

Mr. Robert Miller, of Danversboro, has been a guest of Mr. and Mrs. J. C. Collier and family.

Mrs. Mollie Burkin left Monday to visit friends and relatives in Richwood and Shelbyville.

Mrs. Fannie Thompson is visiting her mother at Mt. Vernon.

Mr. S. C. Lackey, of Danversboro, is visiting his father and other relatives.

Mrs. Stella and Luella M. Hutter, of Carter Lick, are visiting Mr. and Mrs. C. McWhorter and other relatives.

Rev. J. N. Taylor, of Mt. Vernon, was present at the prayer meeting at the Baptist church Wednesday evening and made an interesting short talk. He will remain here several days and consented to preach at Mt. Vernon Sunday evening and Sunday morning.
